Our President's Monthly Message

Dear HMC Residents,

I recently passed my one year anniversary since joining Hunt Military Communities as the new CEO. I have traveled to most of our communities and have met with many of our residents. The experiences and feedback have allowed us to make important strategic decisions and priorities to improve our service delivery and resident experience across the country. We are excited to continually pursue improvements necessary to serve you better and sustain our military communities.

Last August, I committed to reviewing best practices and refining services and programs. Since then we have completed resident focus groups in almost all of our communities. The feedback has helped us to identify specific areas that are most important to you such as improving communication, focus on consistency in customer service, and enhanced community events to bring our residents together. Resident focus groups will be something we doing continuously across the country so we can get direct feedback from you on our service delivery and communities. Thank you to everyone who participated, and we always value your feedback.

Semper Fidelis,

Brian Stann

President and Chief Executive Officer
