Spring Cleaning Safety Tips

Ready to tackle a few spring cleaning chores?

Don't try to do it all in one day. It's hard to stay safe when you're tired or rushed.
Lift properly - keep your back straight and lift with your legs. Or find a buddy!
Be cautious using ladders and step stools.
Follow cleaning product safety information. Read the label and use as directed.
Keep cleaning buckets out of reach. A child can drown in a few inches of liquid.
Clear away clutter to avoid trip hazards.
Check your fire extinguisher.
Replace smoke and CO detector batteries.
If you have questions about your detectors, please contact maintenance.
