Happy St. Patrick's Day!

HAPPY ST. PATRICK'S DAY!

Hunt Update 2017

This is the time of year to get fit and feel great! Join a fitness center or just get moving to get rid of any lingering extra weight from the holidays, be stress free, have focus, gain strength, and feel fantastic!

Maintenance Helpful Tips 321-779-9785/321-613-3810

6 TOP TIPS FOR GOOD HOUSEKEEPING TO PREVENT PEST ISSUES:

1. Keep a tight ship-A regularly cleaned home has little appeal to most pests. Cover leftovers and keep floors and work surfaces clear of crumbs.

2. Ventilation-Ventilation and a dry atmosphere are essential. Open windows wherever possible and don't be tempted to block up vents in air bricks - cover them with fine mesh instead.

[MORE: WHY YOU NEED TO CLEAN YOUR VACUUM CLEANER.](#)

3. Don't jump to conclusions-Just because you spot one insect in your home doesn't mean you have an infestation - it could have just wandered in by accident and may just leave on its own. Keep an eye on activity. Call your local authority if you do have an infestation - this will be cheaper than calling a private company straight off.

4. Watch the cans-Don't swig from soft drink cans outdoors in summer: a wasp may have crawled inside.

5. Seal it-Seal opened food packets and dispose of any that have gone off..

6. Spring-clean

Thoroughly clean rarely used cupboards and storage areas several times a year.
