March 2019 - Month of Trivia!

In honor of St. Patrick's Day, we will be posting bi-weekly trivia questions on our Facebook page. Starting March 5th, every Tuesday & Thursday we will post a question to be answered on the Facebook post. Every person that answers correctly will be entered into the raffle. At the end of the month, everyone that answered correctly on any of the posts will have a chance to win a prize!

Please like & follow our
Facebook page to
participate!

February Recap

Congratulations to Mr. & Mrs. Pinkerton on winning the February Yard of the Month contest! One home is selected every month & winners receive a \$25 gift card. We appreciate all of our residents that take the time to beautify their homes! Keep it up and you could be our next winner!

Breakfast on the Go!

Valentine's Day 2019 was a blast serving up Breakfast on the Go to all of our amazing residents! We hope you enjoyed it as much as we did because we LOVE our residents!

Maintenance & Safety Tip of the Month

Prevent Plumbing Problems

Keep drains flowing freely. Avoid pouring oil, coffee grounds or other solids into the kitchen sink. In the bathroom, remove hair from the sink and tub promptly so they're not washed down the drain.

Sink and toilet clogs usually can be unstopped with a plunger. Fill the clogged vessel with water and then push the plunger straight down in a quick, firm motion. You may need to repeat a number of times before the clog is removed.

Health & Safety - Moisture

- Periodically clean and dry walls and floors around the sink, bathtub, shower, toilets, windows and balcony doors using a common household disinfecting cleaner.
- Use the bathroom exhaust fan and allow it to run until all excess moisture has vented from the bathroom.
- Use exhaust fans in kitchen when cooking or while the dishwasher is running.
- Immediately report to the management office any evidence of mold growth or musty odors.
- Immediately report to the management office any evidence of a water leak or excessive moisture in your unit or any common area.
